My dear Kesavaiengar

I am desired to enclose a list of five European British subjects in the service of the Government of Mysore and to request you kindly to say in which of the following three classes they should be included:-

(i) Those whose retention in their appointment is important.

(ii) Those whose retention in their appointment is desirable for the present.

(iii) Those who can be spared.

2. The information is required in connection with the classification of European British subjects registered under the Ordinance; and the fact that these names have been selected does not indicate that the persons concerned are likely to be called up in the near future.

For perusal in the first instance. I think Mr Mc Alpine's retention is important. Mr Eagleton's desirable and also Mr Baldry. The other three may be spared.

Yours sincerely
